

# Korakonui Recycling Centre

*~ located by the bus shed - Korakonui School*

## PLEASE KEEP OUR RECYCLING CENTRE CONTAMINATION FREE

Please note that only the following items can be recycled. It only takes one wrong item and the whole truck load will be returned from the buyer.

Please ensure you clean and sort your recycling as follows:

**Co-Mingling - *please rinse all milk bottles, cans, bottles***

You can mix up the following:

Plastics 1 & 2 (look on the bottom on the container)  
Steel/tin cans  
Aluminium cans

### Glass

Bottles and jars only – sorted by colour  
It is **very important** that you sort your glass by colour.  
If you put any other broken glass in the container it contaminates the whole lot  
We do not take lights bulbs, window or any other glass

**Paper & Cardboard – *not fish'n chip paper or pizza boxes please***

Place in separate containers provided

### Please keep our Recycling Centre Clean and Tidy.

We do have someone "in charge" of the Recycling Centre who cleans it up every now and then, and is a loyal volunteer. We really appreciate their help.

**WE DO NOT TAKE RUBBISH.** You can purchase yellow EnviroWaste bags from your local supermarket and take it to the Otorohanga Recycling Centre, Progress Drive or use the Te Awamutu Transfer Stations.

### Helpful Hints

Don't purchase products that you don't really need  
Leave the packaging at the shop  
Use cloth bags to carry your purchases
