

Korakonui School Ag Day

1st committee meeting 2023

So, it is almost that time of year again when we start thinking about pets and our annual Korakonui School Ag Day!...

This is an awesome school and community event that the children love and even if it rains it is still a lot of fun, but we do love it more when the sun shines!

We have groups with goats, calves, lambs for all years 1—8 and a preschool section. We have dress ups, groups of 3, raffles, spot prizes, trophies, BBQs, ribbons and lots more.

Yes it is still over 2 months away, but we would like to have a meeting the third week of term 3 to start getting organised.

It is a big job, but the more people keen to get involved and able to help out means it won't be such a big job and it can be lots of fun.

First 'short meeting' of the Ag Committee will be

Tuesday 1st August 7.30pm

Gower's place

1008 Wharepuhunga Road

(just 3km past Korakonui school, corner Happy Valley Road on the hill)

Please email Melissa at lanceandmelissa@outlook.com if you are keen to be involved. This will be a relaxed meeting, just to get our heads together and work out a time plan of what we need to do.
